## National Level Conference....

Continuous innovation and development in the medical field has tremendous positive impact to fight against cancer. Nurses are integral members of the oncology multidisciplinary team who participates in case discussions, share perspectives on pressing clinical issues faced by the patients and contribute to cancer treatment and decision making.

In the modern era, nursing care involves scientific knowledge, skills and technologies to advance the quality and quantity of the lives of people with cancer. Through the incorporation of novel diagnostics and biotechnological strategies into treatment paradigms, patient outcomes continue to improve along the cancer continuum.

Since most of the delivery and monitoring of health care is carried out by nurses, the knowledge level and capability of the nurses play a crucial role for effective understanding regarding the management of patients undergoing chemotherapy. In recognition of this, Apollo College of Nursing, Chennai prepares nurses upto PhD level, has organized this National conference on "Contemporary and Evolving Paradigms in chemotherapy" which will empower the nurses to understand the basics and essentials of chemotherapy regimen, various administration techniques, handling methods, effects of drugs, early signs of toxicity and the challenges faced by the health care team and the measures to overcome the issues.

The objectives of this Conference are, the participants will be able to

- Achieve a successful management of IV chemotherapy administration.
- Prevent complications of the chemotherapy and gain adequate knowledge and practice evidence-based recommendations and guidelines.
- Provide holistic and comprehensive care.

## Scientific Programme

Call for **Research Abstracts / Case Presentation / Free Papers**  
Registered candidates are invited to submit abstracts relevant to the theme for presentation during the conference. All papers will be assessed by the scientific committee and will be permitted for Paper Presentation & Case Presentations which helps to gain a comprehensive understanding of how to effectively create, present, and manage patient treatment plan. The size of the abstract must not exceed 300 words in Times New Roman font at size 12 with titles in bold capitals followed by the name of the authors and preferred type of presentation abstract has to be sent to The Principal at [apollocollegeofnursing@gmail.com](mailto:apollocollegeofnursing@gmail.com) before 15.07.2018.
